COMMERCIAL MARINE IT'S THAT EASY

Introduction

Commercial marine is a booming market in Ontario. The five port Authorities of the Province cumulate enormous boat traffic and are key elements to the economy. Therefore it is important to understand this market and its challenges to provide the best support for your clients.

Training course goals

- › Overview of the commercial marine market in Ontario: size, port authority, industry and expected new Arctic seaway
- › Presentation of the APRIL product and its different coverage offerings: underwriting philosophy, special conditions, warranties and exceptional cases studies
 - › Marine liability insurance
 - › Cargo and third-party storage
 - › Hull and machinery
 - › Freight forwarders and Load brokers

Target audience

- › Brokers
- › Underwriters and underwriting assistants
- › Any other concerned parties wishing to acquire further knowledge of the commercial marine insurance market

Training course package

- › 2 hours
- › Free lunch provided

About Claude Deslage

Claude Deslage has a long experience in commercial marine insurance and will be able to help you and answer all your questions during this training course.
